Students ... Just a reminder – this is the “flu” season so please remember to cover your nose and mouth when you sneeze or cough. Most importantly – be sure to wash your hands frequently to help control the spreading of germs. We have installed hand sanitizers in every classroom as well as in the hallways and cafeteria. Please remember to use them frequently. Also, there have been some rumors regarding students who have the H1N1. We have not received any confirmation on these rumors. School officials will be the first to know if an urgent health situation exists and we will continue to disinfect the building and be pro-active regarding the flu. We will continue to follow all recommended CDC procedures. To date our absentee rate has been normal.

Attention seniors - please turn in all SOLD Harvest Supper tickets and money TODAY to Mrs. From. If you are planning on selling more tickets this weekend...please come tell her so that she knows.
